

## The BUTTERFLY SHIP

The Butterfly Ship ensemble, founded in 2013, presents our signature story *Ever & The Butterfly Ship*. With poetic narration, dialogue written by an award-winning playwright, and lyrical music and dance, we invite our audiences to join us on an epic voyage.

### Our Mission

*We lead our audiences on a theatrical voyage of self-discovery through music, dance and poetry, to marvel at the natural world and understand the human journey.*

The Story Rescued by sailors aboard a ship followed by butterflies, a girl named Ever embarks on a journey to the Sun through the 7 colors of the rainbow to save her lost world.

The Tour Our traveling performance brings to life our newly published storybook with 40 minutes of energetic music, dance and poetry, colorful costumes and a dynamic set.

Performances & Community Emily and Tessa, fueled by their passion for creative expression and community, have drawn upon their extensive backgrounds in music and dance to create this show. They often invite guest musicians and artists to join them for specific performances. Our ensemble has performed in theaters, gardens, farms, elementary schools, health centers & festivals, including Rivertown Revival, Clear Heart Gallery, and Peterson's Farm. We have taught accompanying workshops for pre-school and elementary-aged children featuring science, creative arts, and health and wellness.

The Music Our debut album features original songs and spoken word poetry from the show, set to real nature soundscapes and instrumentation.

*Welcome aboard The Butterfly Ship!*
